Messages to the graduates

T Today, your efforts and sacrifices over many years are being rewarded.

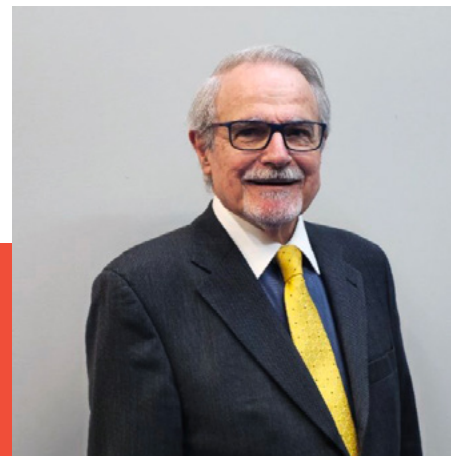

From this day, many of you will be graduates of some of the UK's leading universities, while others, holders of diplomas from world-renowned awarding bodies.

You will finally open your sails on the great journey of life, an exciting journey, which is full of challenges, difficulties, rewards, and achievements. In this journey you have the academic attributes and personal values to seek your highest limits in the professional arena and approach your own "Ithaca".

On the valuable foundations that you cultivated with us at Mediterranean College –integrity, diligence, accountability, discipline– I am sure that you will ground your professional standing and your subsequent contribution to your nation and society.

I wish you all the best.

Professor Sophocles Xinis
President, Mediterranean College

O Our college, steadfast in its educational mission as defined by its founder,

teacher and pedagogue, 45 years ago, offered you high-quality education and development, in a modern environment, what we today call "correct learning" of the kind required to perpetuate the 'inestimable blessings' of 'civil and religious liberty'. He offered to Greek youth education and created a hug,

O On the opportunity of your graduation, on behalf of the faculty,

the staff and the administration of Mediterranean College, let me extend my warmest congratulations to you, your families and academic tutors, who have helped us arrive at this moment.

a protected environment. Today, you all emerge from this well-guarded cocoon of care and enter the battlefield, half won, since the cocoon was opened, and you emerged victorious. And you are invited to compete and enjoy many victories and defeats. But from here you will come out victorious. You are equipped for this fight. Our college, your professors, its partners, and its Administration, all of them, with wisdom and incomparable art became admirable creators and teachers of what is considered beautiful, noble, and good and as a higher ideal: Education.

Today, dear graduates, is the day that everyone around you has been waiting for, longing for, imagining. And after that, I proclaim to all of you that: the best things are coming to your Life! I remind you, however, of the wise words of the great Cretan Nikos Kazantzakis: "Go where you can't, my child. Don't be ashamed if you played well and lost... But be ashamed if you played badly and won."

Good luck in your life.

Professor Spyros Vliamos
Chairman, Academic & Scientific Committee, Mediterranean College

We are grateful that a few years ago, by choosing Mediterranean College, you chose to invest in Education, an asset that cannot be taken away from you. You chose the British standard of Higher Education, which has given you knowledge and skills that are applicable in every aspect of life. You chose to be part of a values system that fosters Excellence, Meritocracy, and Hard Work. Your educational foundation is strong, and you will always be a part of the Mediterranean College family.

All of us will continue to support your efforts in every way. We urge you to keep in touch with us, become active members of our alumni community and update us with your achievements. We will always be proud of you.

Congratulations and fare well.

Mrs Katerina Xini
General Manager & Principal, Mediterranean College

On behalf of everyone at the University of Wolverhampton, I am delighted to welcome you to today's graduation ceremony to celebrate the graduation of our students from Mediterranean College. I want to start by recognising your determination and hard work. Your perseverance and tenacity deserve the highest praise, and I want to congratulate you all for your achievements in the face of the many personal and academic challenges you will have encountered over these past two years. We hope you take all that you have learnt while studying with us and use it to help forge a successful future for both yourselves and those around you.

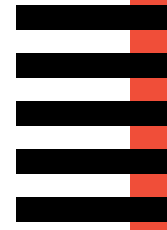

Throughout the University's 200-year history we have adapted and evolved to meet the demands of a changing world, and part of this has been to extend our global reach and align ourselves with other respected and forerunning institutions across the world, such as Mediterranean College. We are a university for and of the international community and you, as our students, have done us proud.

Our relationship with our graduates is an enduring one, and we enjoy hearing about your successes. We are focused on raising aspirations, and it is now up to you to take the opportunities that will help to shape your future. Our graduates are the innovators and leaders of tomorrow, and we hope you will maintain the close links you have built with us, both as friends and as inspirational role models.

Congratulations and I wish you every success and happiness for the future.

Professor Ebrahim Adia

Vice-Chancellor, University of Wolverhampton

Graduation is one of the most important days for the university and is a celebration of your success. Today is an important day to reflect upon all that you have achieved during your time with us. So, on behalf of all my colleagues in Derby and here at Mediterranean College I extend to you our warmest congratulations.

The University of Derby is extremely proud and pleased to work with Mediterranean College in Greece. Our partnership is one of our most long-standing relationships and one which we value very much. We thank them for their commitment in working with us to provide high quality education and outstanding opportunities for all students to develop and progress your careers.

Today is a day of celebration, but I would also like us to reflect upon the value of your outstanding achievements. Our longstanding reputation for teaching excellence received national recognition in 2023, with the University being awarded Gold –the highest possible status– in the latest Teaching Excellence Framework by the government's Department for Education. In addition, we are ranked in the Top 5 institutions for course quality, in the Uni Compare Annual Student Review Rankings 2025, and Top 25 for student satisfaction in the Complete University Guide 2025.

However, our achievements as a university are also a demonstration of your commitment to making the most of your time with us. This means you can have confidence knowing that your learning and outlook has given you the education, skills and opportunity to make a positive impact on the world. You now have the opportunity to be instrumental in influencing the future of our society. I hope that, as you graduate today, you will take forward those skills and experiences and use them to positively impact your career aspirations, your community, and the wider world. The future is you.

As you go forward from today, know that whatever path you take will not always be easy, and things will not always go according to plan. But be adventurous, be curious and use your creativity and can-do attitude for good. Seize opportunities when they arrive, and don't be afraid to make and learn from your mistakes. Help society tackle the big challenges, and be generous and kind to others. My colleagues and I cannot wait to see what you achieve.

Professor Kathryn Mitchell

Vice-Chancellor & Chief Executive, University of Derby

2023-24 Year in review

Our Commitment to Research & the NEW Professional Doctorate

Mediterranean College is deeply committed to fostering a culture of research and academic excellence, aiming to contribute meaningfully to both the local and international academic communities. As of 2024, the College introduced a new Associate Provost (Research) position, which was filled by Professor Penelope Louka, CPsychol, AFBPsS, Head of the School of Psychology at Mediterranean College. This commitment is anticipated not only to enhance the student learning experience but also drive advancements in knowledge.

The College's research agenda is complemented by the launch of the 1st ever Level 8 degree to be offered at Mediterranean, the Professional Doctorate in Counselling Psychology. Provided in collaboration with the University of Wolverhampton, this programme focuses on developing assessment skills and psychotherapeutic interventions for complex mental health issues, with an ethical, client-centered approach. Pivotal in this endeavor is the "Carl Rogers" counselling centre, an in-house clinic that provides students with an ideal setting for observation, clinical practice, supervision, and research.

It has been a remarkable year full of significant events, amazing developments and outstanding achievements from our students, faculty and partners.

Our students are at the heart of all that we do and we are fully focused on ensuring that they receive the highest-quality teaching and learning experience, one that is underpinned by innovation, academic excellence, ground-breaking research and is aligned to industry needs.

Professor Kathryn Mitchell CBE DL
Vice-Chancellor, University of Derby

“

NEW Campuses

The expansion of our existing Athens campus at Patission 94, along with the new Thessaloniki campus at Ionos Dragoumi 15, raises the number of Mediterranean College facilities. The result is impressive: fully equipped labs -such as the Human Performance Lab, the new Gym, and the Fashion and Dramatherapy Studios- plus new airy classrooms, offices and student co-working spaces, all designed to meet the highest standards of aesthetics, ergonomics, accessibility, and health & safety.

NEW School of Arts & Design

Mediterranean College launches the new School of Arts & Design, aiming to nurture students' talent and imagination through comprehensive, interdisciplinary education. It offers two unique programmes for Greek standards, the BA (Hons) Fashion Design & Marketing and the MA Dramatherapy, promoting creativity, practical experience, diversity, and collaboration. Students are trained by the crème de la crème of professionals in both domains and have access to contemporary specialist resources, in our brand-new Fashion Design workshops and Dramatherapy studios.

AI-Meet Sophia Conference 2024

In March 2024, Mediterranean College invited in Greece Sophia the Robot, a humanoid robot developed in Hong Kong, renowned for her advanced artificial intelligence (AI) and ability to engage in natural conversations with humans. The purpose was her participation at the "Meet Sophia Conference" which was co-organized by the College at a Monastery in Nafpaktos and themed "Artificial Intelligence & Ethics". Participants from different sectors -scientists, technologists, educators, students, faith representatives and policy makers- had the opportunity to pose questions to Sophia, discuss and further explore the human-AI coexistence.

Twenty-five selected members of the College's staff and student communities participated as delegates at the Conference and witnessed in person the endless possibilities of the AI breakthrough. By embracing AI, Mediterranean College is fostering innovation and preparing students for a future where AI plays a crucial role in various industries.

IT'S THE SEASON OF GIVING... The MC X-mas Charity Days

Mediterranean College “dressed up” for the festive season and invited us to “unravel” the Christmas spirit together! From early December 2023 a full schedule of charity and festive events was in place, as part of the College’s social responsibility portfolio. Students and staff worked together to organize blood donations and activities to support the causes of charity organizations such as “the Ark of the World”, WIN Hellas and the Filiro Children’s Village.

“

It is the most dynamic and meaningful connection between employers and young professionals in the workplace.

Talent Acquisition & Employer
Branding Lead, EPSILON NET

EMPLOYABILITY SCHEME®

The MC Employability Agenda!

At Mediterranean College, connecting students and graduates with the job market to ensure professional success is of utmost importance. As a leading College in Greece, we organise multiple events that bring students, alumni, and top companies together. These come under the umbrella of the MC Employability Scheme®, a comprehensive scheme -the first of its kind in private higher education- aiming to equip students with professional skills, connect them with employers and foster lifelong learning. With over 550 partner organizations, Mediterranean College achieves a >90% employment rate for its graduates, underscoring its commitment to career success.

At the forefront of our agenda are the Employability Weeks and the Employability Fair. During the 2023-24 Employability events, 1200 College students and alumni had the opportunity to interact with 140 employers and create significant networking opportunities. Also, our career network expanded by 38 new organisational partnerships and 350+ of our students were offered placement and job positions.

Student Exchange Programme 2024

Mediterranean is the only college in Greece that has developed a student exchange programme with its partner universities, aiming to offer undergraduate students a truly multicultural learning experience. In spring semester 2024, 17 students had the opportunity to study their course -either for one week or a whole semester- at the University of Derby and 2 spend four study weeks at the University of Wolverhampton. Mediterranean college students attended classes, joined university clubs and societies, met students from all over the world, and traveled in England. Reciprocally, Mediterranean College welcomed exchange students from the University of Wolverhampton, where they mingled with home students and participated in various extracurricular activities. This initiative reflects the College’s philosophy to create strong academic partnerships, that are based on the franchise academic benchmark and the English language as the College’s key medium of instruction. It also complements the College’s internationalisation strategy, which has resulted in a 7% of the student body being international, representing 25+ different nations.

I was fortunate to join the MC exchange programme, where I experienced the University of Derby life. I met people from around the world, and being a student there was truly the most beautiful experience of my life.

Anastasia Gkioka
BSc (Hons) Applied Psychology,
University of Derby

EDUCATION FESTIVAL ΜΑΡΤΙΟΣ | ΑΠΡΙΛΙΟΣ | ΜΑΪΟΣ | ΙΟΥΝΙΟΣ

16th Education Festival: AI your Future

The 2024 Education Festival -powered by Mediterranean College & IEK ALFA- took place between March and May 2024, with Artificial Intelligence and its applications in Education being its key focus area. The largest educational festival in Greece was organized for the 16th consecutive year and once again offered our students and the wider youth community more than a 100 open-access, onsite and online seminars in 10 different subject areas.

Student Excellence Conference 2024

The 11th Student Excellence Conference organised by Mediterranean College was successfully held on May 27, 2024, at its campuses in Athens and Thessaloniki. Students, graduates, and external speakers presented innovative and scientifically grounded research, highlighting the College’s commitment to high-quality education and research excellence. The conference aimed to serve as a platform for expression and idea exchange, focusing on contemporary issues linking science and society. Through keynote speeches, presentations, discussions, and workshops, participants gained inspiration and developed new insights, exploring topics such as start-ups, artificial intelligence, emotional intelligence, social media use, and the role of play in child development. The event became a hub for creative dialogue and academic growth, while two of the College’s students -Irene Chatzitheodorou and Luiz Hoxha- were awarded with the Best Presentation Award and received a full scholarship for postgraduate study at Mediterranean College.

Behind your education

Introducing academic dignitaries!
We are here for you.

It is with great anticipation and joy that we celebrate our esteemed graduates, the Class of 2024!

As we reflect on the years together with you, you have overcome challenges, embraced growth, and shown determination to reach your goals. Most of all, we really hope that, during your journey, you had a good time, and enjoyed the experience! Congratulations to each and every one of you on this remarkable achievement. There is truly nothing like this sense of accomplishment!

Ioanna Karageorgi
Head of Academic Affairs, Mediterranean College

Your time at Mediterranean College has been marked by not only academic achievements but also by personal growth, and a shared commitment to excellence.

Each of you has left an indelible mark on our College, and it is an honor to witness your transition from eager learners to accomplished graduates.

Remember that this is not just an end but a new beginning. As you embark on the next chapter of your lives, armed with the education and experiences gained here, may you face the future with confidence, integrity, and a passion for making a positive impact on the world.

I have no doubt that you will go on to achieve great things, and I eagerly anticipate hearing of your future successes. Congratulations once again and may your post-graduation adventures be as inspiring and fulfilling as your time at Mediterranean College.

With heartfelt congratulations and best wishes.

Be your dream, class of 2024!

Revekka Adamantidi, MBA Global Shipping, Athens Campus

The MBA in Global Shipping broadened my perspective on complex maritime operations, international trade, and sustainable practices. It provided me with the strategic and analytical skills essential for addressing challenges in the shipping industry. The programme's international exposure and practical applications have prepared me to stay ahead of emerging trends and industry best practices.

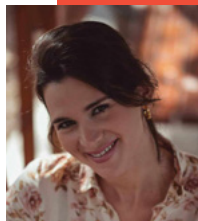

Annita Prodromou, MSc Applied Psychology: Clinical Psychology & Counselling, Athens Campus

Cliché as it may sound, it's very meaningful: age is just a number. At 54, I've traveled to knowledge, had one of the most beautiful adventures. My sincere thanks to my teacher, Dr Louka, who helped me reach the best version of myself and discover new skills even at this age. Thanks a lot, Mediterranean College.

Christos Galanis, MBA Global, Athens Campus

My journey was based on faith, the support of my family and perseverance. I would like to thank my teachers who helped and guided me along the way.

Maria Georgia Karousaki, MSc Integrative Counselling and Psychotherapy, Athens Campus

I would like to thank my professor, Konstantinos Fyssas, for his help, inspiration and support throughout my thesis, but I am most grateful for the knowledge he passed on to me as a bright beacon, which was a great asset in my professional career as a psychotherapist and my personal life as well.

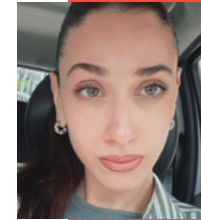

Athina Kolleta, MSc Applied Psychology: Clinical Psychology & Counselling, Athens Campus

Thank you to all those who supported me and believed in me, I will continue to strive for the best, always with passion and dedication. But I would like to express my biggest thanks to my family for all the support, love and help they have given me and continue to give me to this day. I am grateful to have you in my life. Thank you deeply for being present, not only for today here, but for every day. I wish a great career to everyone and never stop chasing your dreams.

Fotios Kotzakioulafis, MSc in Human Resources Management, Thessaloniki Campus

While pursuing my MSc. in Human Resources Management and studying law, I began working as a Marketing Manager at Europe's only spacecraft manufacturer, diving deeply into space technology and research. Dreams are hard to follow when you are dreaming behind the window.

Panagiota Lygda, MSc Counselling & Psychology in Educational Settings, Athens Campus

I would like to express my deep gratitude to Mrs. Eleni Dagli, who stood by my side with patience, guidance and inspiration during my thesis. Her contribution was not only scientific but also humane, and I will always keep her as an example of an excellent mentor.

Ilektra Makridou, MSc Big Data Analytics, Thessaloniki Campus

My experience in Msc Big Data Analytics will be unforgettable, especially because of the academic staff and all the support I received.

Efthimios Mavridis, MSc Big Data Analytics, Athens Campus

I dedicate this achievement to my late professor, Dr Tantilian who passed away too soon, whose guidance and inspiration will always be remembered. I am deeply grateful for the unwavering support of my parents and the grace of God, which sustained me throughout this challenging and rewarding journey.

Argyro Savvidi, MSc Integrative Counselling and Psychotherapy, Athens Campus

My time at Mediterranean College equipped me with everything I needed to open up my own private practice and be working as an Integrative Psychotherapist straight after finishing my studies.

Christodoulos Triantafyllos, MBA Global, Athens Campus

The MBA at Mediterranean College was a unique experience that reignited my desire to learn and grow. Through the challenges I shared with an excellent team, I gained knowledge and developed meaningful relationships. These two years have given me unforgettable memories and inspired me to continue my journey of lifelong learning.

Charikleia Zervoulakou, MBA Global, Athens Campus

The MBA was a journey of self-discovery and development, a dream that came true through dedication and hard work with the support of my family. The research and challenges I faced, pushed me to surpass myself and enrich my knowledge, enhancing my long-term career path.

Congratulations!

Undergraduate students' testimonials

Be your dream, class of 2024!

Stefania Pali, BSc (Hons) Applied Psychology, Athens Campus

"From error to error, one discovers the entire truth." - Sigmund Freud
Thank you, Mediterranean College, for fostering an environment of growth, learning and inspiration. My experiences, challenges, friendships and professors have shaped me into who I am today. I will forever be grateful for this journey.

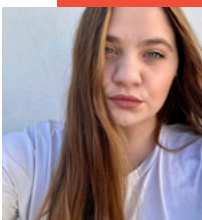

Daiana Ioana Ciobanu, BSc (Hons) Applied Psychology, Athens Campus

I have learned during my university years to take care of myself and my mental health first, to respect who I am and what I like. After all this work on myself, I knew that, if I could do it, others can too, anyway I didn't go through my own 'black night of the soul', as Jung would say, for nothing. Everyone will find their way to success. Whatever success means, it exists in a latent state and just needs to be awakened.

Giosef Gkioka, Meng (Hons) Civil Engineering & Construction, Athens Campus

My tenure at the Mediterranean college has not only been a gateway to a new city for me, with all the new opportunities that comes with. But also, a gateway to meeting great people through the other students in my classes and through some very dedicated teachers. I am very thankful for their help through life and academic setbacks, provided with their support.

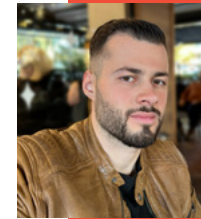

Dimitra Kalogeropoulou, Meng (Hons) Mechanical Engineering & Design, Athens Campus

We went through a difficult but beautiful journey of knowledge, which gave us the right foundations to start our career. First and foremost, I would like to thank my parents and my brother for their love and support. With special gratitude, I would like to thank Mrs. Angeliki Karali, who has been by my side all these years with her valuable guidance.

Sofia Karakousi, BA (Hons) Business Management, Thessaloniki Campus

"If you can dream it, you can do it"
My MC experience was full of great people, like me friend and classmate Minoas, who made every lecture interesting. With hard work and dedication, I continued my studies to a Master's degree and now I am a Senior Cabin Crew at Emirates, always keeping in mind the importance of consistency. In the future, my goal is to strengthen my leadership skills and continue my professional development in the field of management.

Alexandros Lazaris, BSc (Hons) Physiotherapy, Athens Campus

We can all make our dreams come true if we have the courage to pursue them. Thank you Mediterranean College for all the memories and the knowledge which can never be taken away from me.

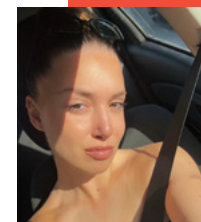

Maria Michailidi, BA (Hons) Business Management (Marketing), Athens Campus

My student experience at Mediterranean College was a pivotal period in my life. I sincerely thank my professors and fellow students for their support and the unique moments we shared.

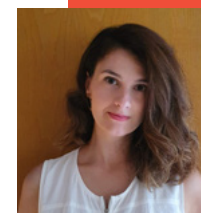

Vasiliki - Spyridoula Mouzakiti, BA Early Childhood Studies, Athens Campus

My studies in Pedagogical Sciences at Mediterranean College inspired me to deepen my knowledge of the subject. My experience and my studies there pushed me to continue at postgraduate level, focusing on Special Education, in order to further develop and contribute significantly to this field.

Fotini Papaioannou, BA (Hons) International Hospitality Management, Athens Campus

I am deeply grateful to our professors for their unwavering support, guidance, and encouragement throughout this journey. Their dedication has inspired me to strive for excellence in International Hospitality Management. To my peers, thank you for the unforgettable memories and camaraderie. This experience has truly prepared me for a promising future.

Aggeliki Pyknada, BA (Hons) Early Childhood Studies, Athens Campus

This degree is one of the biggest proofs to myself that I can achieve the impossible when I really want to...even amidst jobs, commitments and family.

Maria Seitanidou, BSc (Hons) Applied Psychology, Athens Campus

My studies at Mediterranean College over the past three years will remain unforgettable as, apart from the knowledge I received and the excellent teachers I had, I consider myself ready to enter the workplace as a psychologist. Also, I am happy to be doing my master's in Clinical Psychology here at the college again and I look forward to what the future holds!

Maria Nicoleta Vulpasin, BA (Hons) Business Management (Marketing), Athens Campus

This due at 11:59 too?
My days became nights, my nights became endless, and sleep? A distant memory. These dark circles are battle scars from a journey far from simple. College—you owe me a good concealer. Three years felt like a lifetime—full of challenges, lessons, and growth—but they passed in a blink. Long story short, I survived. Thank u all.

Congratulations!

CPD Programmes students' testimonials

Be your dream, class of 2024!

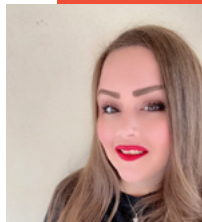

Spyridon Aivaliotis, Executive Diploma Business Administration, Thessaloniki Campus

Personally, the mini MBA Business Administration diploma is not just an extra academic skill and knowledge, but the key to professional development in the modern business world.

Dimitrios Ampatzis, Executive Diploma Marketing Management, Athens Campus

My trajectory at the Mediterranean college was challenging, as I combined studying with work and the duties as a father of two children. Despite the difficulties, the experience made me stronger and more determined, helping me to discover my potential and to prepare for the future.

Anthousa Danalatos, Executive Diploma Business Administration, Athens Campus

A year full of challenges, laughter and memories that will be forever etched in my memory. Many thanks to everyone who stood by me - the journey was great thanks to you!

Panagiotis Gkouzoulis, Executive Diploma Sport Management, Athens Campus

Don't limit your challenges. Challenge your limits.

Ilias Katsigiannis, Executive Diploma Global Operations & Logistics, Athens Campus

Graduating from this course marks a significant milestone in my professional journey of transformation. At 30, I made the bold decision to change my professional career, and this program supported me with the knowledge and confidence to make it a reality. The support and skills I gained here have empowered me to embrace new opportunities and challenges. I am deeply grateful for this experience and excited for the path ahead.

Georgios Karabatos, Executive Diploma Sustainability & Responsible Management, Athens Campus

The "Executive Diploma in Sustainability & Responsible Management" programme that I attended included high-level professional expertise and was very important for the development of my professional career as it helped me understand in depth the framework of ESG criteria as well as the concept of sustainable development which is very important for the survival and smooth operation of a business.

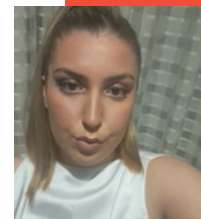

Georgia - Aikaterini Karaïskou, Executive Diploma Hotel & Tourism Management, Athens Campus

My time studying the Executive Diploma International Hotel and Tourism Management was full of learning and development, providing me with the foundations for a successful career.

Acknowledgements: I owe a big thanks to my lecturers for their guidance and inspiration and to my fellow students for their cooperation.

Quote: Success is not the destination, but the journey - and this journey has just begun.

Ioanna Liapi, Executive Diploma Shipping Management, Athens Campus

Graduating from Maritime Studies is the first step in an exciting journey of knowledge and professional development. I continue aiming high, grateful for what I have learned and for the opportunities that lie ahead.

Panagiota Alexaki, HPD Counselling & Psychology, Athens Campus

A unique educational experience, even though it was my first time doing distance learning. The engagement and the experience of the teachers [especially Mrs. Pouloupoulos (I love her), Mr. Karousakis and Mrs. Tzitzika], excellent professionals and teachers, made this experience unique and the knowledge gained from this two-year education was interesting enough to make me want to continue my studies. This experience as well as the feeling that the course is delivered in person were reinforced by my fellow students with whom there were several times of cooperation and exchange of views- material, and the good chemistry that existed when I actually met them I wish us all a very good career.

Congratulations!

Recognising excellence

My name is Eva Fotopoulou, and I am a graduate of the Early Childhood Studies undergraduate programme of Mediterranean college. We stand here today, at the culmination of a journey; a journey of late nights, countless reading hours and stimulating discussions. We have explored complex theories, conducted our own research and honed skills necessary to excel in our respective fields. We've learned to think critically (who doesn't love some Michel Foucault), to analyse information and to show resilience in the face of challenges.

This could have not been done without the pivotal role of our professors who with their knowledge, professionalism and commitment to us, led us to this success. Their unwavering support and encouragement were often the reasons we persevered through our fatigue and stress and made it to the finish line.

Congratulations to the entire graduating class. From the bottom of my heart, I would like to wish all you all an abundance of health, success, good luck and a future filled with purpose.

Eva Fotopoulou
BA (Hons) Early Childhood Studies

This is a monumental evening for myself, my fellow graduates, the faculty of the Mediterranean college and the University of Derby, as well as the loved ones who are here to celebrate with us today.

I would like to take the opportunity to thank the Mediterranean college staff who have provided me with the opportunity to deliver the graduates' speech at this year's ceremony. It is both, a great honor and privilege of mine to be asked to speak at such a special occasion; a moment I will cherish forever. To our professors and staff, thank you for your tireless efforts, your wisdom and passion. You've given us not just the knowledge to succeed academically, but also the tools to grow as individuals. You have been mentors and role models as well as encouraging us to overcome all our challenges.

Finally, to everyone graduating today, this evening is a reflection of our journey. A journey filled with challenges, growth and success. As we move forward, let's strive to inspire. Inspire hope, happiness and change. Let's prove to everyone around us what we were capable of and make a difference in the world.

Max Chadwick
BA (Hons) Business (Shipping)

Valedictory addresses Class 2024

Our students, graduates and Faculty are acknowledged each year for their exceptional achievements, including academic excellence, teaching, leadership and professional accomplishments.

My name is Vasiliki Palantza, and it is truly an honor for me to be here today at such an important moment for all of us, representing the class of 2024 graduates. Looking back, I realize that this journey was not just an academic path, but a process of personal development, filled with knowledge, experiences, and valuable memories.

Our studies at Mediterranean College offered us much more than just a degree. It provided us with the tools to understand the complexity of the modern business world, the challenges of the digital age, and the limitless opportunities that marketing offers, especially in a world that is changing at a rapid pace.

I would like to sincerely thank our professors on behalf of all the graduates for their guidance and the valuable knowledge they have shared with us. I would especially like to thank two professors, Mrs. Eleni Kolliga and Mr. Spiliotis Temponeras, who were inspiration for me and gave me the courage to pursue my ideas!

To all of us who stood strong and made it here, I wish we continue with the same determination and achieve everything we dream of!

Vasiliki Palantza
Executive Diploma Digital & Social Media Marketing

My name is Karaïskou Georgia, and I have completed the Executive Diploma International Hotel and Tourism Management programme. As I take stock of the past year, what comes to my mind is Francis Bacon's phrase: "Knowledge is power". This phrase perfectly sums up our experience at Mediterranean College as we did not just receive academic knowledge. We gained the power to think critically, develop new ideas and face challenges with confidence.

The programme, although short in duration, was full of experiences, challenges and knowledge. During this time, we had the opportunity to acquire valuable skills that will accompany us on our professional journey. Today, we do not just stand as graduates of a programme. We stand as people ready to leave our mark on the tourism and hospitality industry, to seize every opportunity that the future will bring.

Congratulations to all the graduates. Today is the beginning of a new chapter and I wish all of us a bright career trajectory full of success.

Georgia Karaïskou
Executive Diploma International Hotel & Tourism Management

We back you

The MC Alumni Office

Our Alumni Office encourages graduates to participate in the College’s academic community, to form and retain lifelong relationships. In addition, it develops and promotes opportunities and services to graduates, through special events and the support of the MC Alumni Club.

At the MC Alumni Office, we provide valuable services! We:

- organise Graduation Ceremonies
- organise alumni reunions & networking events
- support graduate degree recognition processes
- invite alumni to workshops, seminars, conferences & Employability Fairs
- offer significant discounts to postgraduate/ professional courses
- endorse the College’s alumni ambassador & mentoring scheme
