HARRY TSIRONIS

Creative Director | CV

Who, me?

I grew up in Pyrgos, Ilia and since 2012 I live, study and work in Athens. I have a Bachelor of Arts (BA) degree in Film & Media Production while I have also completed Graphic Design studies. I am currently studying Marketing and Communications Management.

I have worked in the media industry, in short and feature film productions, in theater, in advertising and in the print and digital press.

I am constantly driven by the appetite for knowledge and I try to cultivate what I know. I want to believe that as a personality I am a communicative, pleasant and creative person.
